GUESS WHO TOOK A CAB HOME
FROM THE BAR LAST NIGHT?

It doesn't take much. As little as one or two cocktails can put you over the legal limit and impair your ability to drive. A DUI conviction could cost you over \$10,000 in fees and your freedom.

A DUI that results in injury could make you a felon. Even worse, you may kill someone.

Had too much? Ask a friend to drive. Or take a cab.

DRINKING AND DRIVING ARE NOT WORTH THE COST.
