

Public Safety in the City of Santa Clarita is EVERYONE'S Business

June 2008 is Personal Security and Safety Awareness Month!

Did you Know...?

- Most car and property thefts can be prevented by following three simple guidelines: Don't leave property in plain view. Don't leave purses or other valuables in your car. Lock your car.
- Don't be a victim of mail or identity theft! Give your outgoing mail to a carrier or drop it off at a local postal drop point instead of leaving it in your mailbox. Locking mailboxes can also serve as a deterrent.
- Learn how to prevent, recognize and care for summer-heat and water emergencies for safe summer fun. First Aid and CPR classes are available through the American Red Cross.
- The City of Santa Clarita offers low cost swimming and water safety classes. For more information call (661) 250-3700 or visit santa-clarita.com/seasons.
- All fireworks are dangerous and illegal in the Santa Clarita Valley. Fireworks can cause burns, injuries and fires. Violators can be criminally charged and held financially responsible for injuries or damage to property. Instead, attend a community fireworks program. To learn more, visit: santa-clarita.com.
- You should talk to your kids about personal safety and making good choices, especially when they are not with you!
- The Santa Clarita Valley Sheriff's Station will conduct a vacation check of your home while you are out of town. Log onto scvsheriff.com and fill out the vacation check request form.
